Hello Student Employees!

With the Fall semester already in full swing, I wanted to take a moment and let you know of the great things Student Human Resources (SHR) is planning. Last semester we conducted student employee interviews. Based on the results, we will be working to increase communication to all student employees, revisit the student evaluation process, and place a fresh focus on training.

Members from Student HR will be visiting student staffed units monthly to update you on Union issues and policy changes, get to know you and your unit, and distribute this monthly Student Newsletter. I encourage you to get to know your SHR representative, and don’t be afraid to ask questions or give feedback. Student HR loves hearing your comments, suggestions, and thoughts on how to make working at the Arizona Student Unions better. You can also email us at unionshr@email.arizona.edu.

If you are interested in SHR or would like to sit in on one of our meetings, please let us know! We are always looking for motivated student employees to serve as representatives. From everyone on Student HR: Have a great semester!!

GOOSEY EMPLOYEE LINK – HELLO, UACCESS!

The University is implementing a new Human Resource System known as “UAccess Employee,” which will be replacing EmployeeLink. You will be able to use this new website to find employment information, view tax forms, and set up direct deposit. The UAccess Employee system is scheduled to go live during the pay period of September 21 through October 4, 2009.

Important: If you also work for a department other than the Student Union, Residence or the Library, and you have received information to enter your time through UAccess, remember that this is only for the time you worked at your other department. While working at the Student Union, Residence Life, or Library, you will continue to enter your time through the time clock. Please talk to your supervisor if you have any questions.

This year there have been 19 cases of the flu at the UofA, 13 of which were cases of H1N1 - the “swine flu” that has been sweeping national media and publicity for months. It is expected that the flu will get worse in the UofA community, but there are many ways that you can help prevent it. The most important action you can take is to WASH YOUR HANDS. Washing your hands frequently with either soap and water or a hand sanitizer will help prevent the spread of germs.

If you do come down with the flu, STAY AWAY! Both professors and employers encourage sick students to take time off in order to rest up and feel better as quickly as possible. Campus Health advises those who contract the flu to stay away from campus until at least 24 hours after the fever is gone.

Taking these simple actions is an enormous step in preventing serious spread of the virus around campus. Cheers to your good health! – Jennifer Martin
