## Dining That Makes You Smile

Have you seen a delivery rover on campus? Opened a smart locker to find a special treat? How about taking that first bite of your favorite dish at Cactus Grill? **Arizona Dining** is constantly looking for ways to make you smile!

This semester we saw you smile with free samples during Destination Dining, taking selfies at the Go Cats sign as you sampled Coca-Cola products, tasting fresh pizza and going back for more when Cactus Grill reopened as an all-you-care-to-eat location, and when you guessed the weight of the great pumpkin at '85 North.

In the spring you can look forward to more moments to surprise and delight your orders via delivery rovers and smart lockers, new featured milks of the month and juices of the month at Nrich Urban Market, and a variety of specials and new offerings at on-campus restaurants to keep your taste buds entertained!
